

"The coal oil lamp is down and out
As dead as tallow candles,
And gasoline is just about
A nuisance, with its mantles;
Acetylene we never can trust,
And it's expensive, too—
I'll have electric light or out,
For nothing else will do."

GARLIC TAINTS THE MILK.

(Augusta Chronicle.)
One of the most successful farmers in Bracken County asks the Chronicle to publish the following, hoping that it will prove of benefit to others:
"This man had his farm almost cleared of garlic, and some time ago purchased some alfalfa hay from Cincinnati dealers to feed his stock. Naturally the manure was scattered over the place; the prospects at this time are that his farm will be covered with garlic. He says when the cattle eat the garlic it makes both milk and butter unfit for use, as well as beef. He thinks a law should be passed prohibiting a farmer selling hay in which garlic is mixed."

MISS HELEN ROSA RANDOLPH TO WED MR. MURPHY.

[Birmingham (Ala.) Age-Herald—March 8.]
Mr. and Mrs. Richard Rutherford Randolph announce the engagement of their daughter, Helen Rosa, to Mr. Thos. Alexander Murphy, the wedding to occur the evening of Saturday, April 25, at St. Mary's of the Highlands.

The bride-to-be is most pleasantly remembered by Maysville society, and has visited here many seasons as the guest of Miss Eda Bigger and others. She is a very charming young woman and when here there were several masculine hearts pierced by Cupid's swift arrows. The Public Ledger congratulates the happy groom-to-be on his conquest.

WOULD RAISE QUARANTINE ON KENTUCKY CATTLE.

Frankfort.—While the Kentucky House was passing a bill providing for a county veterinarian to inspect dairy herds the State Board of Health was in session considering means for raising the quarantine on Kentucky cattle imposed by the State of Illinois. The board's plan is to appoint assistant State veterinarians in each county to inspect free of charge every herd of thoroughbred stock, either dairy or beef cattle. The Government will furnish the antitoxin. The question with the board was whether it has authority to require the inspection of all cattle shipped out of the State, or whether it must depend on the regulations of other States. The board held a conference with Assistant Attorney General Hogan about it.

If all the beef cattle is inspected by the State authorities in compliance with the regulations of the Bureau of Animal Industry, States to the north will receive Kentucky cattle. As it is the cattle is quarantined for tuberculosis, and the cattle industry is said to rank third, after tobacco and whisky in this State.

JUDGE COCHRAN TO HEAR TAX CASES APRIL 15th.

Federal Judge Cochran fixed April 15 as the date for the final hearing on the injunction sought by the Louisville and Nashville, Illinois Central, Queen and Crescent and Chesapeake and Ohio Railroads to prevent the collection of 1912 franchise tax on their increased assessments. He did not fix a time for entering the order in the preliminary injunction sought by the Adams and Southern Express Companies.

"The Greatest Kidney Remedy on Ear h," Says a Grateful Woman

I want to tell you how much good your Swamp-Root did me. About four years ago, I suffered from what the doctors called fistula and for two years of that time, I endured what no tongue can tell. I also had inflammation of the bladder and I tried doctors medicines without receiving any help. Someone told me about Dr. Kilmer's Swamp-Root.

After giving it a thorough trial, I received relief, so kept on using it and today I am a strong and well woman. If I ever feel badly or out of sorts, I take Swamp-Root and it always straightens me out. I honestly believe that this medicine would cure all troubles you recommend it for and it is a pleasure for me to send my testimony and photograph to you. I think Dr. Kilmer's Swamp-Root is one of the greatest medicines on earth.

Respectfully yours,
MRS. JOHN BAILEY,
West Main st., Portland, Ind.

Subscribed and sworn to before me this 12th day of July, 1909.
